

Bringing community energy to York

**Tuesday 10th October at Quaker Meeting House
Friargate YO1 9RL (opp. York Dungeon)**

Find out how our community can provide itself with cheap clean energy, how you can help - and benefit.

6:30pm for 7pm start: Tea & cake at York Community Energy AGM. New members are welcome to join on the night.

7:30-9pm: illustrated talks + Q&A

Andrew Hunt is a director of **Greater Manchester Community Renewables** who have installed solar panels on 3 schools and a community centre, expected to generate 100MWh of clean electricity each year and save almost £50,000 on energy bills

Cllr Andrew Waller, chair of One Planet York

Introduction to York Community Energy and the charity's city solar farm plans for York

FREE ENTRY, no booking needed

More info about the event & YCE:
